

- 11110 Medical Campus Rd, Ste 151, Hagerstown, MD 21742 (Blue Entrance)
- 924 Seton Dr, Cumberland, MD 21502

Welcome to Mir Neurology and Spine Center

Your appointment is scheduled for:

- Consult Only: Evaluation and discussion of treatment options.
- EMG (Electromyogram) / NCS (Nerve Conduction Study): To prepare for the test, please do not apply body lotion, powder or oil on the day of the test. This study will take approximately 20-45 minutes. Test results will be discussed with you immediately after the test.
- EEG (Electroencephalogram): To prepare for the test, please make sure hair is clean, dry and no styling products (mousse, gel, hair spray, etc). The study will take about an hour. Immediately following the testing, you will meet with the provider to discuss results and treatment options. Please arrange childcare for small children during this testing.

Arrival time is: _____ on _____

Please bring the following items with you:

- Insurance card(s)
- Driver's license (or photo ID)
- Completed forms (fill in all blanks on enclosed forms)
- Copayment / Medicare Coinsurance payment (we accept: Cash, Check, Visa, Mastercard, Discover, and American Express)

If you are claiming an injury from workman's compensation or an auto injury, please bring the following billing information with you:
